Extended Cookies Information

Cookies are made up of portions of code installed inside the browser that assist the owner in the delivery of the service according to the purposes described. Some of the purposes of installing cookies may also require the user's consent.

Use of cookies

This site uses cookies to make the browsing experience easy and effective for those who view the pages. Users who view the site will see minimal amounts of information in their devices, such as computers and mobile devices, in small text files called "cookies" saved in directories used by the user's Web browser. Disabling cookies Some of the features of the site may not work properly.
There are various types of cookies, some to make the use of the site more effective, others to enable certain features.
Our cookies allow you to store your preferences, avoid reinserting the same information several times and analyze the use of the site to optimize the browsing experience.

Types of cookies used on this site

Technical cookies
This type of cookie is strictly necessary to the proper functioning of certain sections of the site. are of two categories: persistent and session:
1) Persistent: Once closed the browser is not destroyed but remains until a pre-set expiration date
2) of sessions: are destroyed each time the browser is closed
These cookies, always sent from our domain, are necessary to display the site correctly and in relation to the technical services offered, will then always be used and sent, unless the user changes the settings in their browser (Thus affecting the display of the pages of the site).

Analytical cookies
These cookies are used to collect information about the use of the site.
This information is used with regard to anonymous statistical analysis in order to improve the use of the site and to make content more interesting and relevant to the desires of the user. This type of cookie collects anonymous data about the activity of the user and how it arrived on the site. Analytical cookies are sent from the site itself or from third-party domains.

Third-party service analysis cookies
These cookies are used in order to gather information on the use of the site by users anonymous informs such as: pages visited, time of permanence, origins of the traffic of origin, geographical origin, age, gender and interests for the purposes of Marketing campaigns. These cookies are sent from third-party domains outside the site.

Cookies to integrate third party software products and functions
This type of cookie integrates features developed by third parties within the pages of the site such as icons and preferences expressed in social networks in order to share the content of the site or for the use of third-party software services (such as software for Generate maps and additional software that offer

additional services). These cookies are sent from third-party domains and partner sites that offer their functionality across the pages of the site.

Profiling Cookie
They are those cookies needed to create user profiles in order to send advertisements in line with the preferences manifested by the user within the pages of the site.
In our site we do not use profiling cookies.

Types of cookies used on this site

In this site, in accordance with current regulations, we are not required to ask for consent for technical cookies, as they are necessary to provide the required services.
For all other types of cookies, consent may be expressed by the user with one or more of the following modalities:
1) by using specific configurations of the browser used or the related computer programs used to navigate the pages that compose the site.
2) by modifying the settings in the use of third-party services

These solutions may prevent the user from using or viewing parts of the site.

Third party websites and services

The site may contain links to other websites that have their own privacy policy which may be different from that adopted by this site and which therefore does not respond to these sites.

Preference saving, optimization and statistics activities

Use cookies to save your browsing preferences and optimize the user's browsing experience. These cookies include, for example, those to set the language and currency.

How to disable cookies by configuring some browsers

Each browser has specific directions for configuring cookies.
